

# Material Safety Data Sheet

according to NOHSC:2011(2003)

**Product name :** Ivoclar Vivadent IPS Ceramic Neutralising Powder  
**Statement of Hazardous Nature :** This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.  
**Revision :** 13.02.2015      **Version :** 1.0.2  
**Print date :** 13.02.2015

## 01. Identification of substances, preparation and company

**Product name:** Ivoclar Vivadent IPS Ceramic Neutralising Powder  
**Use of the substance / preparation:** Neutralising powder to be used in conjunction with IPS Ceramic Etching Gel  
**Manufacturer / Supplier:** Ivoclar Vivadent AG  
**Street / P O Box:** Benderstrasse 2  
**Country code / Postal Code / Town / City:** FL-9494 Schaan  
Principality of Liechtenstein  
**Telephone:** + 423 235 35 35  
**Telefax:** + 423 235 33 60  
**Distributor:** Ivoclar Vivadent Pty Ltd  
1 – 5 Overseas Drive  
Noble Park North VIC 3174  
Australia  
**Telephone:** + 61 3 9795 9599  
**Telefax:** + 61 3 9795 9645  
**Emergency information:** Poisons Information Centre: Dial 13 11 26  
24 hours a day, 7 days a week – Australia wide

## 02. Hazards identification

### Statement of Hazardous Nature

This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.

### Hazard designation

Classification: Not classified as a dangerous good for transport.

Xi - Irritant

ADG Classification: Not classified

UN Number: Not classified

### Particular information pertaining specific risk for human and environment

#### R phrases

R36/37/38 | Irritating to eyes, respiratory system and skin.

#### S phrases

S22 | Do not breathe in dust.

S26 | In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S60 | This material and its container must be disposed of as hazardous waste.

## 03. Composition / information on ingredients

### Chemical characterisation

Mixture of sodium carbonate and other non-hazardous materials.

### Hazardous components

CAS NO: 497-19-8      20-50%      Sodium Carbonate      EINECS: 207-838-8      Xi: R36/37/38

### Dangerous component / Risk phrases:

R36/37/38 | Irritating to eyes, respiratory system and skin.

## 04. First-aid measures

### General

Immediately remove all contaminated clothing. Let in fresh air. In case of unconsciousness, place patient stably in side position and seek medical assistance immediately.

### After inhalation

Let in fresh air. Remove to fresh air. Seek medical assistance immediately.

### After skin contact

After contact with skin, wash immediately with plenty of water. Seek medical assistance immediately.

### After eye contact

Flush with plenty of water (10 – 15 minutes) and seek medical assistance immediately.

# Material Safety Data Sheet

according to NOHSC:2011(2003)

**Product name :** Ivoclar Vivadent IPS Ceramic Neutralising Powder  
**Statement of Hazardous Nature :** This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.  
**Revision :** 13.02.2015      **Version :** 1.0.2  
**Print date :** 13.02.2015

---

#### After ingestion

Rinse out mouth and drink plenty of water. Do not induce vomiting. Seek medical assistance immediately.

---

#### 05. Fire-fighting measures

##### **Suitable extinguishing media**

Carbon dioxide, extinguishing powder, water spray. Fight larger fires with water spray and alcohol resistant foam.

##### **Unsuitable extinguishing media**

None.

##### **Special risk posed by the substance or by the actual preparation, its combustion products or gases discharged**

Prevent from flowing into effluent, ground water, surface water or the soil.

##### **Special protective equipment**

When extinguishing fires, use breathing apparatus with an independent source of air.

Firefighters should wear full protective clothing including self-contained breathing apparatus.

---

#### 06. Accidental release measures

##### **Personal precautions**

Wear suitable protective clothing, gloves and eye / face protection.

Particular danger of slipping on leaked/spilled powder.

##### **Environmental precautions**

Prevent from flowing into effluent, ground water, surface water or the soil.

Complete the disposal in compliance with all applicable Local, State and Federal government regulations.

##### **Methods for cleaning up / collecting**

Do not allow to flow off into effluent, ground water, surface water or the soil...

Take up with a mechanical source and precede according to the water disposal regulations.

Clean up with liquid binding material (sand, dolomite, acid binders, universal binders and sawdust).

Complete the disposal in compliance with all applicable Local, State and Federal government regulations.

##### **Additional information**

Prevent skin and eye contact.

---

#### 07. Handling and storage

##### **Information for safe handling**

Keep out of reach of children.

Only adequately trained personnel should handle this product.

When using – do not eat, drink or smoke.

##### **Information about protection against explosions and fires**

No anti-explosion measures necessary.

##### **Requirements to be met by storerooms and containers**

Store only in original container.

Store in a dry, well-ventilated area in the original container. Keep container tightly closed.

Store at 2 – 28°C / 36 – 82°F. Do not store in open sunshine. Keep away from heat source.

##### **Information about separation of incompatible products**

Store foodstuffs separately.

---

#### 08. Exposure controls and personal protection

##### **Additional information about engineering measures**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

##### **Components with critical values that require monitoring at the workplace (exposure limits)**

None.

Specifications: TWA (AUS)

Value: MAK 0mg/m<sup>3</sup>

##### **Personal protective equipment**

Do not eat or drink during work. No smoking.

Keep away from food, drink and animal feeding stuff.

Avoid contact with skin and eyes.

# Material Safety Data Sheet

according to NOHSC:2011(2003)

**Product name :** Ivoclar Vivadent IPS Ceramic Neutralising Powder  
**Statement of Hazardous Nature :** This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.  
**Revision :** 13.02.2015 **Version :** 1.0.2  
**Print date :** 13.02.2015

### Respiratory protection

Provide for good ventilation.

### Hand protection

Short-term exposure (<30mins): disposable gloves, eg: nitrile rubber, material thickness 0.1mm (Australian Standard 2161). Long-term exposure (Level 6: < 480min): protective gloves, eg: nitrile rubber, material thickness 0.7mm (Australian Standard 2161).

Commercial medical gloves do not provide protection against the sensitising effect of methacrylates. Check penetration time for the specific gloves used with the glove manufacturer. Solvent resistant gloves.

### Eye protection

Avoid contact with eyes. Use tightly fitting safety glasses (Australian Standard AS 1336 and AS/NZS 1337). An eyewash fountain should be located in the immediate working area. Wear eye protection when mixing or using. Use approved close fitting safety goggles and / or visor for splash protection.

### Body protection

No particular measures required.

## 09. Physical and chemical properties

### Image

Form:	Powder
Colour:	White
Odour:	Odourless

### Relevant safety data

Melting point/range:	(1013 hPa)		Undetermined	°C	
Casting point/range:	(1013 hPa)	ca.	Undetermined	°C	
Flash point:			n/a	°C	DIN 51755
Ignition temperature			n/a	°C	
Viscosity:			n/a	mPas	
Vapour pressure:			n/a	mbar	
Density:	(20°C)		Not determined	g/cm <sup>3</sup>	
Solubility in water:	(20°C)		Partly soluble		
pH value:			10.7	g/l	

## 10. Stability and reactivity

### Conditions to avoid

Stable under normal handling and storage conditions.  
 Photo-reactive – danger of polymerisation.

### Materials to avoid

No further relevant information available.

### Hazardous decomposition products

No further relevant information available.

## 11. Toxicological information

### Toxicological tests

#### LD50 / LC50 values that are relevant for classification

**Specification:** LD-50  
**Routes of entry:** Oral  
**Test species:** Rat  
**Value / dosage:** 4090 mg/kg

### Primary irritant effect

Prolonged or repeated exposure may cause drying or irritation of the eyes, skin and mucous membranes. Ingestion and prolonged exposure to skin and eyes should be avoided, as should inhalation of any generated vapours.

### Sensitisation

Prolonged or repeated exposure may cause drying or irritation of the eyes, skin and mucous membranes. Prolonged or frequently repeated skin contact may cause allergic skin reactions in some individuals.

### Experience on practice

Prolonged or repeated exposure may cause drying or irritation of the eyes, skin and mucous membranes. Ingestion and prolonged exposure to skin and eyes should be avoided, as should inhalation of any generated vapours

# Material Safety Data Sheet

according to NOHSC:2011(2003)

**Product name :** Ivoclar Vivadent IPS Ceramic Neutralising Powder  
**Statement of Hazardous Nature :** This product is classified as: Non Hazardous according to criteria of National Occupational Health and Safety Commission.  
**Revision :** 13.02.2015      **Version :** 1.0.2  
**Print date :** 13.02.2015

## 12. Ecological information

### Details on elimination (persistence / degradability)

#### Abiotoxic elimination

No data available.

#### Biological degradation / elimination

Slightly hazardous for water.

Prevent from flowing into effluent, ground water, surface water or the soil..

#### Fate in environmental compartments

Slightly hazardous for water.

Prevent from flowing into effluent, ground water, surface water or the soil.

#### Ecotoxicological effects

#### Performance in sewage/treatment plants

Slightly hazardous for water.

Prevent from flowing into effluent, ground water, surface water or the soil.

## 13. Disposal consideration

### Product

Concentrate: Avoid contamination of ground water or waterways.

The product must not enter effluent, ground water, surface water or the soil.

Clean up with liquid binding material (sand, dolomite, acid binders, universal binders and sawdust).

Complete the disposal in compliance with all applicable Local, State and Federal government regulations.

### Contaminated packaging

Contaminated packaging must be emptied of all residues and, following appropriate cleaning, may be sent to a recycling plant. Un-cleaned packaging must be disposed of in the same manner as the medium.

Responsibility for proper waste disposal rests with the generator of the waste.

Dispose of any waste material (including containers) in accordance with all applicable Local, State and Federal government regulations regarding waste management methods.

## 14. Transport information

### Land transport ADG

Classification: Not classified as a dangerous good for transport.

ADG Class: | not classified

UN Number: | not classified

### Maritime transport IMDG

Classification: Not classified as a dangerous good for transport.

ADNR Class: | not classified

UN Number: | not classified

### Air transport ICAO-TI and IATA-DGR

Classification: Not classified as a dangerous good for transport.

ICAO/IATA Class: | not classified

UN Number: | not classified

## 15. Regulatory information

### Danger symbol and danger designation

Xi - Irritant

### Hazard-determining components of labelling

none

### R phrases

R36/37/38 | Irritating to eyes, respiratory system and skin.

### S phrases

S22 | Do not breathe in dust.

S26 | In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S60 | This material and its container must be disposed of as hazardous waste.
